Description

Do you dream of a completely customizable home that combines comfort, quality of life and sustainable development? Fierce Immo is proud to present its new "turnkey" real estate project of four single-family houses with 2 and 3 facades, between town and country.

The Kasterlinden project, located in the street of the same name, is close to the center of Berchem-Sainte-Agathe, a small, green and quiet commune in Brussels. Schools, restaurants and shops are just a few minutes' walk away, allowing you to take full advantage of this idyllic setting.

The Kasterlinden project consists of four low-energy houses built in solid wood with top-quality facing bricks. The 230 sqm. of living space is spread over 4 levels, including 4 (large) bedrooms, 2 bathrooms, an office area, a garage, a large living room with super-equipped kitchen (optional), two large terraces and a large garden directly overlooking the Hoogveld.

Double-glazed aluminum frames. High-quality finishes. Underfloor heating. Solar panels (optional). PEB A+. Registration fees and VAT. For more information, call us on 02 420 65 01 for a project presentation in our agency avenue Louise.
